

Ansh Krishna

Edison, NJ | (908) - 449 - 9595 | ansh.krishna1@gmail.com

Seasoned Programmer/Tutor and Programmer Analyst, notably with PALS Learning Center and NetServ, excelled in crafting front-end solutions and enhancing software reliability. Proven expertise in scripting languages and project management, demonstrating a knack for mentoring students in coding and system design. Achieved significant improvement in learning outcomes and software functionality.

SKILLS

- Python, CSS, JavaScript, HTML, Java

EDUCATION

Rutgers University

Bachelor of Science (B.S.) Computer Science

Sep 2024 - June 2028

New Brunswick, NJ

EXPERIENCE

PALS Learning Center

Programmer/Tutor

Dec 2022 - Aug 2024

Edison, NJ

- Taught students various concepts in math ranging from Pre-Algebra to Algebra 2
- Developed and tested software utilizing HTML and JavaScript to create a front-end page for systems used by staff

NetServ

Programmer Analyst

Jul 2023 - Aug 2023

Atlanta, GA

- Analyzed and tested smaller-scale software, such as testing with server load
- Debugged errors, such as syntax errors in JavaScript and HTML

Bihar Jharkhand Association of North America

Teacher

Jun 2022 - Sep 2022

Edison, NJ

- Helped create and keep daily programming resources taught to students accurate
- Assisted students consist of lower-level students needing help in coding and setting up programs such as code.org and Visual Studio Code
- Taught the fundamentals of Python and Java to students, helping them create their mini-projects

PROJECTS

Weather App | Python, HTML, JavaScript, CSS

Aug 2024

- Created a web application that requests a user to enter any city and outputs the forecast
- Built using Openweathermap API, and languages for front-end development.

Portfolio Website | HTML, CSS, JavaScript

June 2024

- Website allows users to click on where they want to go, such as the skills section, and the achievement section
- Built using front-end languages, incorporating Flask to launch the site and be available to users
